Did you know that APFACTS represents parents through these forums?

APFACTS is proud of the strong representation it has provided on behalf of its members on varied issues both directly and through representative forums for over 30 years. APFACTS has been invited to join a range of committees at different times and is regarded as a trusted and valued member. **How does all of that benefit members?**

It means that APFACTS are well versed on the latest trends and developments within the education sector. Our participation enables us to contribute valuable feedback from the parents’ point of view and ensure that your interests in the topics at hand are voiced.

If at any time you would like to know more about these groups or how you might get involved with APFACTS, please don’t hesitate to get in touch.

*We welcome feedback about the issues that matter to your parents at your school.*
