Recipe for Success

This autism-specific Positive Behaviour Workshop uses contemporary evidence based strategies, based on our many years of direct work with families, organisations and people living with autism.

Who should attend:
Families and professionals supporting or working with people on the autism spectrum, including carers, direct support staff, managers, educators, respite staff, supported employment and Allied Health professionals.

Each participant receives:
- step by step, easy to complete forms to help you write your own autism-specific Positive Behaviour Support plan on the day
- specially designed forms and other tools to use at home or work
- access to a broad range of resources including fact sheets, videos, recommended readings, published research documents and more, provided on a DVD at the end of the workshop* (or through a link to access a locked section of the Aspect website)
